

Department of Mines & Geology
Government of Bihar

Letter NO- 2443

Dated:- 05.06.18

Corrigendum

As per the published NIT RFP. No.: 01/2018 "Tenders are invited for Drone based surveillance, volumetric assessment and to conduct replenishment study in sand ghats for Department of Mines & Geology Government of Bihar", the following amendments are incorporated as per the pre-bid discussion held on 04-06-2018.

Under the heading, "**Eligibility Criteria**" it should be read as follows:

1. "The Agency should have total turnover of 1 crore in total for the last three financial years (2015-16, 2016-17, 2017-18)." Or in case of any Agency/Company registered under Startup India or MSME then the guidelines of GOI pertaining to such will be considered.

Further Eligibility Criteria will involve the following:

4. The Agency should ensure that the device (i.e. Carrier/drone) and the Camera should have valid certification.
5. The software used for the study should have valid Licenses supporting it and certification of being utilized successfully in at least one Govt. project.

Under **Section 2**, the **scope of the assignment** is limited to the following only:

1. To study replenishment of sand in different rivers Pre and Post monsoon period.
8. For the replenishment study – Pre monsoon data should be collected between 10-06-2018 to 30-06-2018 and for the Post Monsoon period data should be collected between 01-10-2018 and 15-10-2018.

The others may be read as omitted.

Under Section 5 (Price Tender Schedule) - **description** should be read as "**Per Square kilometer charges for replenishment study**"

Under Section 3 (Instructions to Agency), heading of Article – 10 may be read as **Termination of Contract**.

The following changes in the schedule are as follows:

The last date of submission of tender is	- 07-06-2018, till 03:00 PM
Un-prices tender opening date/time	- 07-06-2018, 04:00 PM
Opening of Commercial Bid	- 07-06-2018, 05:00 PM

5/6/18
